

ENTRANCE FEEDER

Mann Lake Boardman Feeder

Effortless Feeding at Your Hive's Entrance

Durable, easy-to-use Entrance Feeder ensures quick access to feed, saving you time while keeping your bees nourished.

The Boardman Entrance Feeder from Mann Lake offers bees quick, easy access to feed. Designed for simple installation and extended use, it works with any Mason or 5-pound round jar. A clear jar makes monitoring feed effortless. Durable, easy to clean, and budget-friendly, this feeder is perfect for warm-season feeding, helping beekeepers save time and focus on their hives.

Placement: Located at the hive entrance

Accessibility: Feed and refill without going into the hive

Capacity: Use your own mason or 5-pound round jar

Key Benefits:

- Feed your bees without opening the hive
- Compatible with various liquid feeds
- Ensures consistent nutrition access
- Does not take up valuable hive space
- Perfect for Beginners & Experts

Available in two convenient styles.
